SUMMARY

Front-end developer with a bachelor's degree in Advertising from Michigan State University. Seeking a new opportunity in web development after a successful contingent role migrating code from multiple sites and graduating from a coding bootcamp in 2017.

As a dynamic team player with a creative drive and keen eye for design, I am eager to bring my skills to an impactful company.

EXPERIENCE

Web Developer, North American Bancard (contract)

Troy, MI — October, 2017 - July, 2018

- Migrated code from HTML to Twig.
- Added and edited website content using Laravel and PyroCMS.
- Created forms using Pardot form handlers.
- Worked with the marketing team once sites were complete to review any technical, design, digital, blog, or business issues.

Developer, HYPEnings

<https://hypenings.herokuapp.com>

Detroit, MI — May, 2017 - current

- Created and deployed a web application on Heroku with team at Grand Circus.

Waiter, Granite City Food & Brewery

Northville, MI — February, 2016 - March, 2017

- Responsible for understanding and training new employees on every detail of the menu and company brewing process.
